MEDIA CONSENT APPROVAL

Dear Parents,

On occasions during a school year media people attend the school to photograph or film the school, it's facilities and children. We also continually update our website and we will be highlighting events at our school through digital photos. We are also involved in the Mordialloc Innovation and Excellence Cluster which has a web site that highlights events in our school.

The result of this maybe that your child is photographed or filmed for use by external media, or for publishing on related web sites.

We will not provide or publish full names of children on the world wide web or with external publications; first names may be used.

Please consider carefully whether you consent to your child being photographed or filmed in these circumstances.

If you agree, we will hold this form and act upon it while your child is enrolled at our school. If you do not agree please also indicate below.
